FINAL RELEASE

New NuTech Solutions Headquarters Hosts US National Whitewater Center Reception

CHARLOTTE, NC – September 23, 2005 – NuTech Solutions, known for business process optimization, accentuated their corporate focus on natural “science for business” Thursday night. As a corporate sponsor of the US National Whitewater Center (www.usnwc.org), NuTech hosted a reception showcasing plans for the USNWC’s premier outdoor recreation and environmental learning center near Charlotte and provided tours of NuTech Solutions’ new offices in the heart of uptown.

“NuTech Solutions is proud to be a supporter of this unparalleled outdoor sports center benefiting our local area, as well as the global water sports community,” said Tom Wilson, President and CEO of NuTech. “Given our team’s scientific background we were attracted to an organization that was committed to developing environmental stewardship and promoting a healthy, active lifestyle.”

NuTech Solutions opened their new corporate headquarters on the 19th floor of the Interstate Tower building. The office houses solutions development and delivery teams, sales and marketing, and corporate administration. NuTech Solutions says the uptown location facilitates interaction with the company’s Global 1000 client and prospect base. The NuTech Charlotte team serves clients locally and, through real-time remote connectivity, works with its branch offices and customers from around the world.
